RE: Subdistrict No. 1 Replacement Water Accounting for the month of June, 2022.

Dear Mr. Cotten,

The following is the Subdistrict No. 1 Replacement Water Accounting for the month of June, 2022. As per the Terms and Condition No. 7 of the 2022 Annual Replacement Plan (ARP) Approval for Special Improvement Subdistrict No. 1 of the Rio Grande Water Conservation District document received from Colorado State Engineer Kevin Rein May 1, 2022, this data will be broken down to include the following: Subdistrict diversions, depletions, replacement sources and river calls on a monthly basis.

## Synopsis of June 2022 Replacement Water Operations:

Under the direction of the Division 3 Division Engineer and the District 20 Water Commissioner, Subdistrict No. 1 continued replacing projected stream reach depletions on the Rio Grande for the month of June on a daily basis pursuant to the amounts presented in the approved Subdistrict's 2022 ARP. On June 1st, the ditches on the Rio Grande continued diverting water for the 2022 Irrigation Season. Subdistrict No. 1 continued releasing from the Santa Maria water pool stored in the Santa Maria Reservoir in the amount of 0.8 ac-ft. / day to begin replacing projected depletion obligations in Stream Reach 2. There were no positive depletions in Stream Reach 1 or 3 identified in the response function in June, but rather accretions back to the river within these reaches.

The following Tables 1 and 2 illustrate the Subdistrict's replacement water plan operations on a daily basis during June, 2022. Detailed accounting for daily administration can also be found on the Rio Grande Water Conservation District's website (<u>http://rgwcd.org</u>) under Subdistrict No. 1 Annual Replacement Plan.

**Table 1**: Subdistrict No. 1 depletions per Table 2.6 in the accepted 2022 Annual Replacement Plan (ARP): Subdistrict No. 1 Monthly Stream Replacement Obligation for 2022 ARP Year submitted to the Colorado State Engineer's Office on May 1, 2022. June 2022 Depletion Obligation Total: 24 ac-ft. 2022 Replacement Operation Total: 24 ac-ft (all units' are in acre feet).
