<p style="text-align: center;"><b>ORDER APPROVING THE AMENDED PLAN OF WATER MANAGEMENT FOR SPECIAL IMPROVEMENT DISTRICT NO. 1</b></p>	

This matter came to the attention of the court on this day pursuant to the Notice of Re-Approval of Amended Subdistrict No. 1 Plan of Water Management, filed by the State Engineer on June 25, 2010.

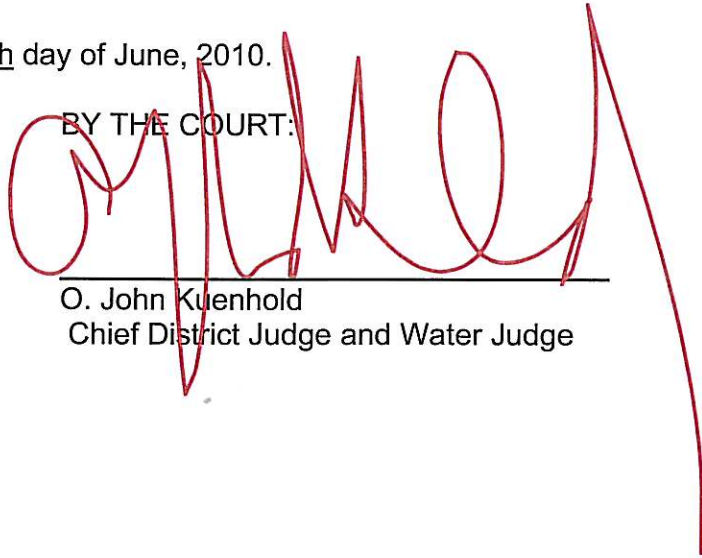

The court has reviewed the pleading and finds that the Amended Plan of Water Management contains the added terms and conditions contained within the Findings of Fact, Conclusions of Law, Judgment and Decree entered by this court on May 27, 2010.

The Court recognizes that with the separate process for approval of the Amended Plan of Water Management in 2006CV64 and the review of the approval of the State Engineer in 2007CW52, there could be confusion with regard to the finality of the order entered.

IT IS THEREFORE ORDERED that this order should be viewed as the final order in both cases for the purpose of calculating the timelines for the filing of a possible appeal.

DONE AND SIGNED this 29th day of June, 2010.
